. RIDER NO. 54  
Forming Part of  
NORTH AMERICAN CAR CORPORATION  
CAR LEASING AGREEMENT 0370-6

This rider ("Rider") and the above Car Leasing Agreement constitute a separate agreement ("Agreement") which, together with all rights under the Agreement, may be assigned as security or otherwise. No subsequent amendment to the Agreement shall be effective against any assignee hereof. The cars described herein shall be subject to the terms and conditions of the Agreement and this Rider during the term of use and for the rental set forth below:

<u>Number of Cars</u>	<u>Type of Car</u>	<u>Monthly Rental Per Car</u>
Two (2)	PD 4000 hopper cars, for shipment of Melamine (Car numbers to be identified by separate letter from North American to Lessee after such numbers become available. Lessee's countersignature to such letter is not required)	\$510.00

Lessee agrees to be responsible for all freight charges incurred in the shipment of said cars to Lessee at Avondale, Louisiana.

For each mile in excess of  $\frac{20,000 \times \text{days in service}}{365}$  that each car covered by this Rider travels in a calendar year, there will be an additional charge of \$0.025.

North American and Lessee agree that the rental rate as shown above shall be increased \$1.55 per car per month for each point increase in the Wholesale Price Index of Commodity Prices (railroad equipment - code 144), according to the latest information available as reported in the current "Survey of Current Business", published by the U. S. Department of Commerce, as of the date the first car is released for delivery to Lessee, over a base of 280.5 as was reported for July, 1979. Rentals thus calculated shall be rounded to the nearest \$0.50.

In the event that during the term hereof, the U. S. Department of Transportation, or any other governmental agency or non-governmental organization having jurisdiction over the operation, safety or use of railroad equipment, requires that North American add, modify or in any manner adjust the cars subject to this lease in order to qualify them for operation in railroad interchange, Lessee agrees to pay an additional monthly charge of \$1.75 per car for each \$100 expended by North American on such car, effective as of the date the car is released from the shop after application of such additions, modifications or adjustments (hereinafter the "Modifications"). No rental credits will be issued on cars entering the shop for any Modification for the first thirty days. In the event North American in its sole discretion determines prior to making any Modification that the cost thereof is not economical to expend in view of the estimated remaining useful life of such car, and North American elects to permanently remove such car from Lessee's service rather than have such car taken to a car shop for such Modification, the rental with respect to such car shall terminate upon the date specified in writing by North American, provided that such date must be prior to the date the Modification is so required to be made.

The term of use of the cars hereinabove described shall commence on the date of delivery thereof to Lessee, and shall continue for a period ending five (5) years from the first day of the month following the average date of delivery of such cars to Lessee.

Dated this 23rd day of October, 1979.
